- AI code assistants

Summary

Motivated Computer Engineering student at IAU with experience in C#, C++, and Python. I am currently expanding my skills into front-end development by learning React and other modern frameworks. With strong teamwork, communication, and problem-solving abilities, I am seeking an internship to contribute to innovative projects and gain practical software development experience.

Work Experience

Webmaster at Ketab-e-Maan   KetabeMaan.ir | Maan.Plus
SEP 2023 - DEC 2024

- As a website and online sales expert at the Maan Bookstore, I was introduced to WordPress to make some changes to the complex's website, and I also designed online sales processes.

Junior Front-End Developer   ketab.tv
DES 2024- NOW

- As a Front-End Developer at Ketab.tv, I contributed to developing and maintaining the ketab.tv website using React and WordPress. I also participated in designing and improving various sections of the blog.ketab.tv platform.

Courses

Front-end Online Courses   quera.org   Certificate
SEP 2022 - DEC 2022

- HTML | CSS | Tailwind | JavaScript | Ajax | Sass | Bootstrap
Completed the Front-End Development program at Quera College, focusing on building UIs with HTML, CSS, and JavaScript

Python   Jadi
JUL 2025 - SEP 2025

- I have recently been taking the Python course that "Jadi" published on the "Maktabkhooneh" platform and have gained some limited knowledge in this field.
